functional cabinet series redesign valid from 1.1.2015

Former serial product of Blanco Professional

MEGAPROGRESS – CONTENTS

Contents

MEGAPROGRESS STAINLESS-STEEL TABLE TOPS

Table top

Model MTP

Smooth worktop made of 1.25 mm stainless steel, AISI 304, ground 320 grain and brushed to satin finish, turned down 40 mm on all sides.

The underside is fitted with V 20 particle board for noise insulation and also reinforced with an all-round frame. Panelled with stainless steel at front.

Max. length of a table top 3,850 mm continuous, extendable with screw joint.

Stainless steel

Art. No.	Depth mm	Thickness mm
MC0001	up to 650	40
MC0003	up to 850	40
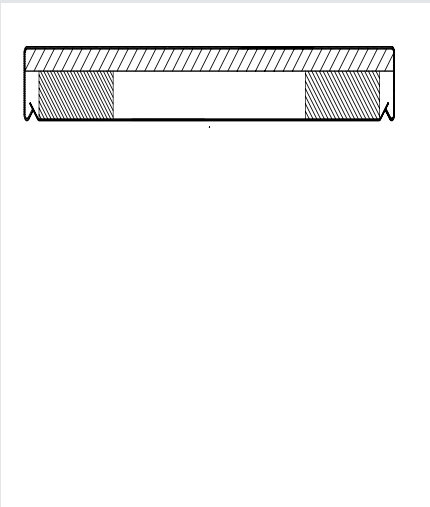

Table top

Model MTPB

Smooth worktop made of 1.25 mm stainless steel, AISI 304, ground in 320 grain and brushed to satin finish, turned down 40 mm on all sides.

The underside is fitted with V 20 particle board for noise insulation and also reinforced with an all-round frame. Underside smooth panelled with stainless-steel sheet over entire surface.

Max. length of a table top 3,850 mm continuous, extendable with screw joint.

Stainless steel

Art. No.	Depth mm	Thickness mm
MC0005	up to 650	40
MC0007	up to 850	40
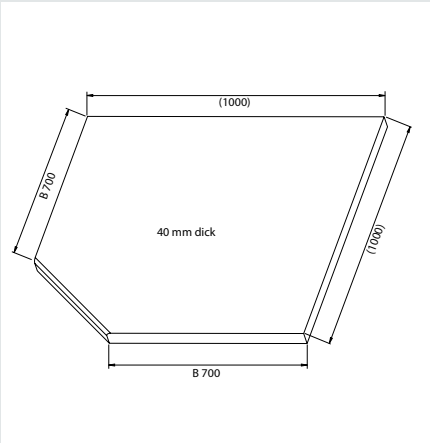

Corner table top

without screw joint, without vertical shelf

Stainless steel

Art. No.	Width mm	Depth mm	Description
MC0145	1000	1000	Model MTP, with depth of 700 mm
MC0146	1000	1000	Model MTPB, with depth of 700 mm

MC0093	600	600	300	Drain at rear right or left, 1 ½"
MC0094	700	600	300	Drain at rear right or left, 1 ½"

Other dimensions on request

Note:
When installing the welded-in basins in MTBP stainless-steel table tops
plus basin cut-out and sealing.

MEGAPROGRESS WELDED-IN BASIN
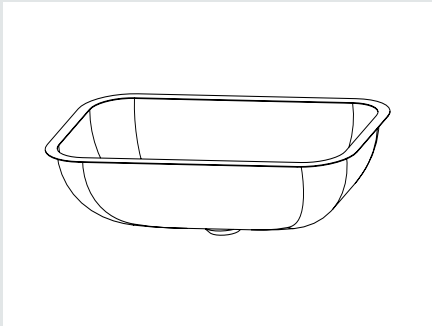

Hand-washing basin

Drain in centre, 1 ½"

Stainless steel

Art. No.	Width mm	Depth mm	Height mm
MC0096	500	300	150
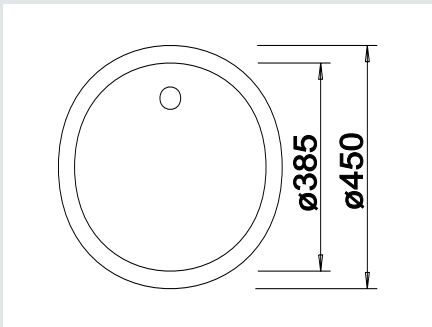

Welded-in basin, round

without overflow, drain at centre rear, 1 ½", basin size dia. 385 x 165 mm

Stainless steel

Art. No.	Width mm	Depth mm	Height mm
511407	450	450	165
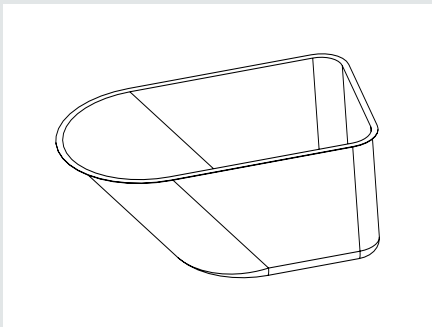

Welded-in infant bathtub

Drain at rear right, 1 ½"

Stainless steel

Art. No.	Width mm	Depth mm	Height mm
233746	720	420	300

Note: When installing the welded-in basins in MTBP stainless-steel table tops plus basin cut-out and sealing.
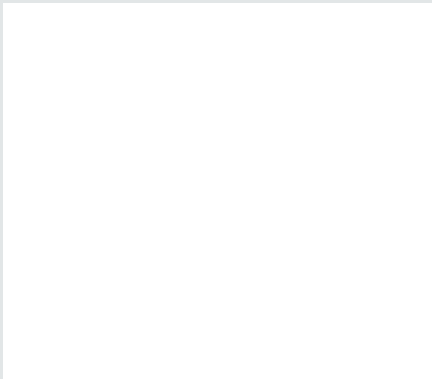

### Top surface for welded-in basin

adjusted to basin size

Stainless steel

Art. No.	Description
54958001	with handles, double-walled with rubber seal
54958002	with grip hole

MEGAPROGRESS WELDED-IN BASIN

MEGAPROGRESS HOSPITAL DRAIN
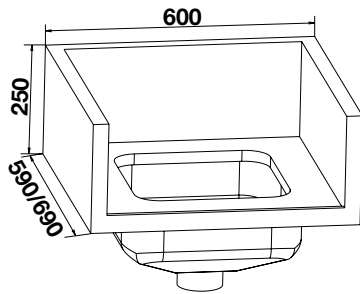

Hospital drain

Table top made of stainless steel with profile edge at front and welded-in utility sink 400 x 400 x 200 mm, drain opening with edge rinsing, 345 x 345 mm, including 3-sided splash wall, with side panelling, incl. swingaway support rack, with edge rinsing

Stainless steel

Art. No.	Width mm	Depth mm	Height mm	Description
542545	600	590	250	Model MAB 6 x 6 NW 70, with edge rinsing
542515	600	590	250	Model MAB 6 x 6 NW 100, with edge rinsing
542546	600	690	250	Model MAB 6 x 7 NW 70, with edge rinsing
542516	600	690	250	Model MAB 6 x 7 NW 100, with edge rinsing

Forming drain on top surface

Art. No.
MC0040

Odour trap for hospital drain

Model MAB 6 x 6 and Model MAB 6 x 7, adjustable, NW 70

Art. No.
137830

Odour trap for hospital drain

Model MAB 6 x 6 and Model MAB 6 x 7, fixed, NW 100

Art. No.
232044

Tank/pump system for hospital drain, Model ATT

Model "N", in accordance with DIN 1988, normal program with approx. 6 ltr. rinsing volume

Art. No.
245673

MEGAPROGRESS STAINLESS-STEEL BASIN ACCESSORIES

1 ½" eccentric drain set

Synthetic

Art. No.	Description
137195	with Bowden cable and pull knob, chrome-plated, without overflow

1½" tube overflow with rubber taper

Stainless steel

Art. No.	Description
369961	with rubber taper, stainless-steel basket strainer, without brazed union for basin depth 150 mm, water column 130 mm
369962	with rubber taper, stainless-steel basket strainer, without brazed union for basin depth 200 mm, water column 180 mm
369963	with rubber taper, stainless-steel basket strainer, without brazed union for basin depth 250 mm, water column 200 mm
369964	for drain with rubber taper, stainless-steel basket strainer, without brazed union for basin depth 300 mm, water column 250 mm

1 1/2" tube overflow with brass taper

Stainless steel

Art. No.	Description
340583	heavy model, with brass taper and basket strainer for basin depth 150 mm, water column 130 mm
340584	heavy model, with brass taper and basket strainer for basin depth 200 mm, water column 180 mm
340585	heavy model, with brass taper and basket strainer for basin depth 250 mm, water column 200 mm
369965	heavy model, with brass taper and basket strainer for basin depth 300 mm, water column 250 mm

MEGAPROGRESS STAINLESS-STEEL BASIN ACCESSORIES

Odour trap

Synthetic	
Art. No.	Description
137267	Siphon, 1½" synthetic pipe odour trap with adjustable drain, 50 mm dia. outlet
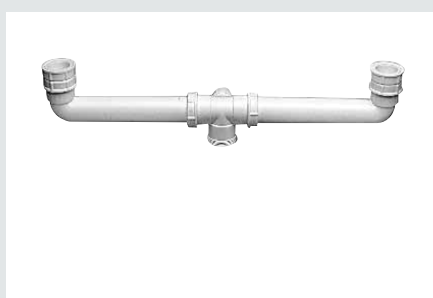

Accessories for stainless-steel basins

Synthetic	
Art. No.	Description
369969	1½" synthetic drain connection for double basin units
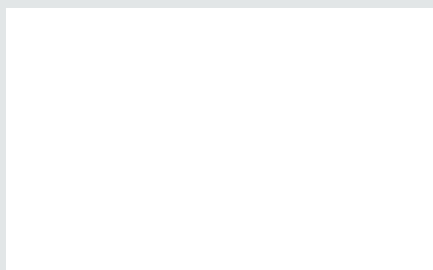

Collar cover

Synthetic	
Art. No.	Description
137832	Synthetic collar cover, white, NW 50, for use with 137267
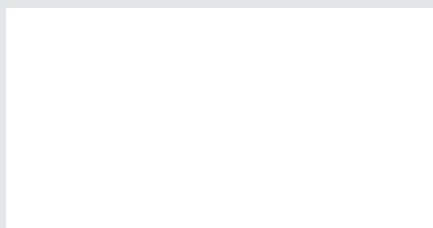

Cover plate for drain trap

Art. No.	Description
602154	2-piece with hole for odour trap for cut-out in cabinet rear wall

MEGAPROGRESS FITTINGS AND MIXER TAPS

BLANCO ANTAS

Chrome, drain can be swivelled 360°, hole for tap with 0.35 mm required, cartridge with ceramic disk technology, flexible connection tubes of 450 mm in length with 3/4" nut for especially easy and secure assembly, patented stream controller for significantly reduced calcification, ND model with flow regulator to protect the boiler, stabilising plate for increased fitting stability for assembly in stainless-steel basins, LGA certified*, DVGW certified* (*for high-pressure model).

High-pressure	Low-pressure
Art. No.	Art. No.
515337	516103

BLANCO ANTAS-S

Chrome, drain can be swivelled 140°, hole for tap with 0.35 mm required, cartridge with ceramic disk technology, shower hose with metal casing, flexible connection tubes of 450 mm in length with 3/4" nut for especially easy and secure assembly, patented stream controller for significantly reduced calcification, ND model with flow regulator to protect the boiler, stabilising plate for increased fitting stability for assembly in stainless-steel basins, equipped with non-return valve as standard to prevent backflow in acc. with EN 1717, LGA certified*, DVGW certified* (*for high-pressure model).

High-pressure	Low-pressure
Art. No.	Art. No.
515348	516764

BLANCO ELIPSO II single-lever mixer tap

Chrome, high-pressure, drain can be swivelled 130° hole for tap with 35 mm dia. required, cartridge with ceramic disk technology, flexible connection tubes of 450 mm in length and 3/8" nut, patented stream controller for significantly reduced calcification, stabilising plate for increased fitting stability for assembly in stainless-steel basins, LGA certified, DVGW certified.

Art. No.
514879

BLANCO ELIPSO-S II single-lever mixer tap

Chrome, drain can be swivelled 115°, pull-out hand shower with 2 shower modes, hole for tap with 0.35 mm required, cartridge with ceramic disk technology, shower hose with metal casing, flexible connection tubes of 450 mm in length with 3/8" nut, patented stream controller for significantly reduced calcification, stabilising plate for increased fitting stability for assembly in stainless-steel basins, equipped with non-return valve as standard to prevent backflow in acc. with EN 1717, LGA certified, DVGW certified.

Art. No.
514847

MEGAPROGRESS FITTINGS AND MIXER TAPS

Medi-care single-lever mixer tap

DN 8 chrome-plated, clinic single-hole tap, drain can be swivelled, projection 200 mm, with clinic arm lever

Art. No.
543130
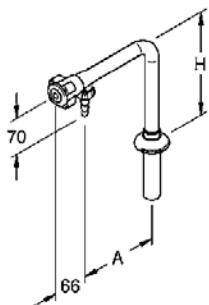

Vertical fitting for free-standing demineralised water column

Laboratory vertical column for demineralised water

with corner valve, control handle coloured in accordance with DIN 12920 (E DIN EN 13792), fitting EPS-coated, grey (RAL 7001), chemically nickel-plated inside, screw hose fitting flat-sealing with hose nozzle (10/13 mm diameter) and stream controller in accordance with DIN 12898, Perbunan sealing disc and washer with counter-nut. G 3/4 B connection thread, 100 mm long. Maximum pressure at rest 10 bar. Maximum operating temperature 70° C.

Art. No.	Height mm
542998	200

½" two-hole mixer tap

Wall tap
Spray wash arm for wall tap

Art. No.
137380

Extension for wall mounting by an additional 60 mm

for two-hole mixer tap

Art. No.
127579

½" two-hole mixer tap

Vertical fitting
with swivel faucet, can be switched over to hand shower, with automatically closing valve KWC, shower projection 400 mm,
tube riser wall distance 60 mm, table height to UK shower head 270 mm, total height 1060 mm, hole spacing 153 mm, 22 mm dia. hole

Stainless steel

Art. No.	Height mm
137379	1060

MEGAPROGRESS FITTING AND MIXER TAP ACCESSORIES

1½" cleaning nozzle

with 8 attachments ¾ and 1.5 m metal hose, including table collar

Art. No.
145310
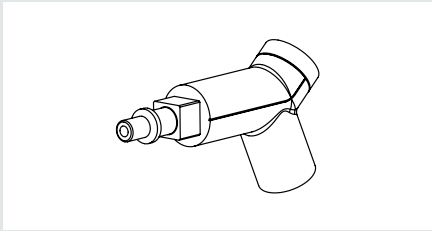

Compressed-air elbow connector for cleaning gun

Art. No.
600060
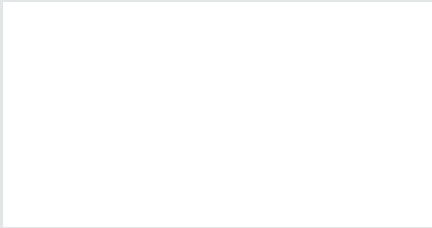

Table collar for additional cleaning nozzle

without hose taper, 35 mm dia. hole

Art. No.
145311

Shutoff valve

3/4" shutoff valve
35 mm dia. hole

Art. No.
530090

MEGAPROGRESS TABLE TOP ACCESSORIES – GENERAL

Vertical splash guard made of Plexiglas

with or without cut-out for vertical shelf, each incl. 3 x open bracket and 1 x closed bracket for front, size up to max. W = 665 mm, H = 490 mm

| Art. No.	Description	Width mm	Depth mm	Height mm
543037	Vertical splash guard made of Plexiglas with or without cut-out for vertical shelf, incl. 3 x open holders, 1 x closed holder			
54309101	Vertical splash guard made of laminated safety glass for base cabinet, incl. 2x solid holders made of stainless steel	6	400	510

53766301	900	580	850	**54766301**

Bandelin ZE 1058 ultrasound unit

Model SONOREX ZE 1058 ST 15

Control unit with time switch for 1–15 minutes and continuous operation
complete with Bandelin SONOREX ZE1058 ultrasonic cleaning device

Art. No.	Width mm	Depth mm	Height mm	Description
542988	600	400	200	consisting of GT1000M HF generator, max. output 2 x 1200 W/period, frequency 35 KHz, with 16 swivelling elements including TE1058 swivelling basin made of stainless steel, drain on either left or right, dim. 600 x 400 x 200 mm suitable for DIN-STU and ISO standard wire mesh basket, including drain set, basket carrier, insert basket and lid

MEGAPROGRESS BASE CABINET FOR ULTRASOUND UNIT

Bandelin ZE 1058 DT ultrasound unit

with ST 30 DT digital control unit with temperature control
in swivelling basin and temperature sensor
complete with Bandelin SONOREX ZE1058 ultrasonic cleaning device

Art. No.	Width mm	Depth mm	Height mm	Description
543225	600	400	200	consisting of GT1000M HF generator, max. output 2 x 1200 W/period, frequency 35 KHz, with 16 swivelling elements, including TE1058 swivelling basin made of stainless steel, drain at right or left, dim. 600 x 400 x 200 mm suitable for DIN-STU and ISO standard wire mesh basket, including drain set, basket carrier, insert basket and lid

Bandelin ultrasound unit control unit

ST 30 DT

Art. No.	Description
MC0106	STE 30 DT digital control unit for SONOREX Super ZE 1058 ultrasound unit (ST 15 control unit is eliminated)

MEGAPROGRESS BASE CABINET FOR ULTRASOUND UNIT

SONOMIC MC 1000 ultrasound unit, complete

Model SONOMIC MC 1000

Bandelin ultrasound unit for hollow bodies for disinfection and cleaning of max. 12 washable
MIC instruments with K 1000 MC basket and D 1000 MC lid
Table-top unit

Stainless steel

Art. No.	Width	Depth	Height	Thick-ness	Description
	mm	mm	mm	mm	
542989	860	490	415	2	Swivelling basin, inside: 650 x 400 x 210/230* mm (LxWxD), *angled well bottom, working filling capacity: 35 ltr., drain: fitting with rotary handle operation, vibration system: 12 PZT large-area vibration system, ultrasound frequency: 40 kHz, peak ultrasound output: 2400 W, HF output: 600 W, maintenance heating 400 W, current consumption: 2.9 A, weight with basket and lid: 40 kg Stainless steel 1.4571, titanium-stabilised, 2 mm thick

Medisafe ultrasound unit, complete

Model MED 1134 SI Digital

complete with accessories,
for 6 to 12 hollow instruments

Art. No.	Width mm	Depth mm	Height mm	Description

54350103	first drawer (contains the power supply for each additional drawer)	1200	1200
54350113	Each additional drawer	1200	1200

MEGAPROGRESS ELECTRONIC LOCK AND ACCESSORIES

LS 200 electronic lock

PIN code furniture locking system with capacitive keypad, round rotary knob,
standard deadbolt, for right and left-hand doors, incl. mounting materials and battery pack,
with RFID programming and RFID MasterCode radio

Art. No.	Description
54350301	Installation direction A, vertical rotary knob at top
54350302	Installation direction B, vertical rotary knob at bottom
54350303	Installation direction C, horizontal rotary knob on left
54350304	Installation direction D, horizontal rotary knob on right

LS 300 electronic lock

RFID furniture locking system with contactless alarm sensor, round rotary knob,
standard deadbolt, for right and left-hand doors, incl. mounting materials and battery pack

Art. No.	Description
54350401	Installation direction A, vertical rotary knob at top
54350402	Installation direction B, vertical rotary knob at bottom
54350403	Installation direction C, horizontal rotary knob on left
54350404	Installation direction D, horizontal rotary knob on right

LS 400 electronic lock

PIN code/RFID furniture locking system with combined PIN code and RFID technology,
with contactless alarm sensor, round rotary knob, standard deadbolt, for right and left-hand doors,
incl. mounting materials and battery pack

Art. No.	Description
54350503	Installation direction C, horizontal rotary knob on left
54350504	Installation direction D, horizontal rotary knob on right

Accessories for electronic lock

Art. No.	Description	
543511	Battery pack	for LS 200, 300, 400
543506	SystemKey set	for programming and managing a locking system, RFID cards in ISO format
543507	USB table-top reader	for programming SystemKeys and other RFID data carriers
543508	Lock Manager 6, Version Key	Software for LS 200, 300, 400, for programming and managing locking systems with SystemKeys
543509	MIFARE 4k RFID cards, 20-piece pack	RFID data carriers as cards, unprinted, uncoded
543510	Training/instruction plus travel etc.	

MEGAPROGRESS MEGACLICK, ACCESSORIES AND PARTITION WALL
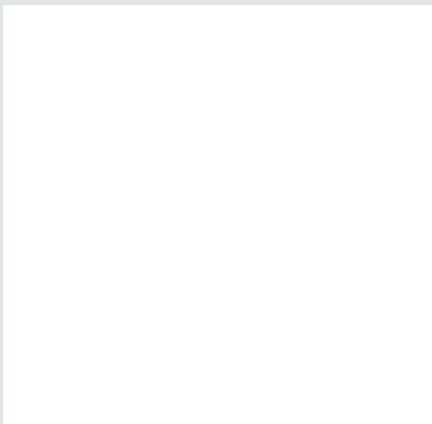

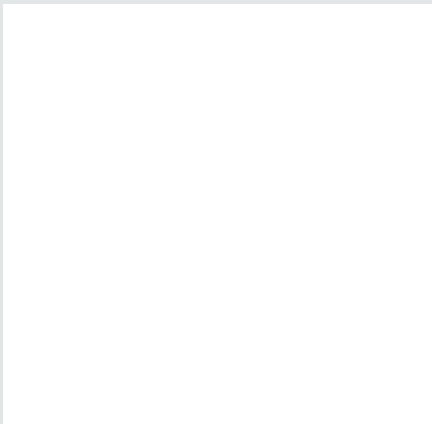

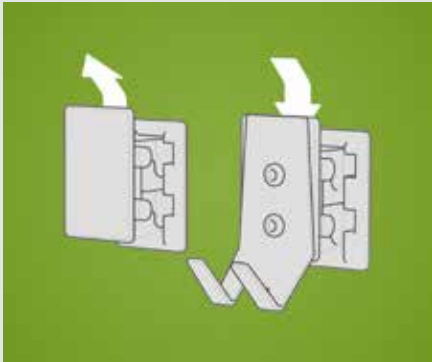

FF-click

without panel rear wall, etc., only MEGAclick in panels

Art. No.	
54351201	one row – 5 MEGAclick connectors
54351202	one row – 8 MEGAclick connectors
54351203	two row – 2 x 5 MEGAclick connectors
54351204	two row – 2 x 8 MEGAclick connectors

MP crystal clear marking sign

PU 10 pc

Art. No.
543465

Steel sheet centre partition wall

– When retrofitting double-door cabinets, a new left-hand cabinet door is required –

Art. No.	Description
602145	for high cabinet, 557/657 x 2000 mm, with slotted grid
602146	for base cabinet, 557/657 x 750 mm, with slotted grid
602147	for wall cabinet, 357 x 750 mm, with slotted grid

Stainless-steel centre partition wall

– When retrofitting double-door cabinets, a new left-hand cabinet door is required –

Art. No.	Description
602148	for high cabinet, 557/657 x 2000 mm, with slotted grid
602149	for base cabinet, 557/657 x 750 mm, with slotted grid
602150	for wall cabinet, 357 x 750 mm, with slotted grid

MEGAPROGRESS NARCOTICS SAFE
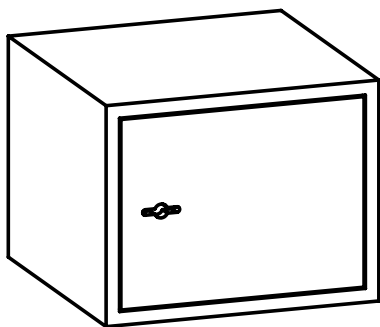

Opiate narcotics safe in accordance with VDMA 24992, Safety level A

Steel sheet, powder-coated

with grid rail, with cabinet shelf

Powder-coated				
Art. No.	Width mm	Depth mm	Height mm	Description
246424	406	245	320	for wall cabinets Door hinging left
246425	406	245	320	for wall cabinets Door hinging right
246420	556	245	320	for wall cabinets Door hinging left
246421	556	245	320	for wall cabinets Door hinging right
246422	406	400	320	for high cabinets Door hinging left
246423	406	400	320	for high cabinets Door hinging right
246418	556	400	320	for high cabinets Door hinging left
246419	556	400	320	for high cabinets Door hinging right

Narcotics safe in accordance with EN 1143-1 Model 103-03

for high cabinets, with cabinet shelves

Powder-coated				
Art. No.	Width mm	Depth mm	Height mm	Description
542944	500	410	340	Right-hand hinging, inside dimensions: 416 x 295 x 230 mm (W x D x H), weight: 95 kg
601364	500	410	340	Left-hand hinging, inside dimensions: 416 x 295 x 230 mm (W x D x H), weight: 95 kg

MEGAPROGRESS NARCOTICS SAFE

Narcotics safe in accordance with EN 1143-1 Model 103-01

for high cabinets, with cabinet shelves

Powder-coated

Art. No.	Width mm	Depth mm	Height mm	Description
601365	400	400	340	Left-hand hinging, inside dimensions: 316 x 270 x 230 mm (W x D x H), weight: 80 kg
542943	400	400	340	Right-hand hinging, inside dimensions: 316 x 270 x 230 mm (W x D x H), weight: 80 kg
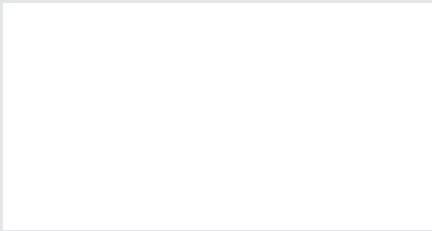

Spare key for narcotics safe according to sample

Art. No.	Description
601791	for narcotics safes in accordance with EN 1143-1

Spare key for narcotics safe

Art. No.	Description
601336	for narcotics key with key no.

MEGAPROGRESS ACCESSORIES
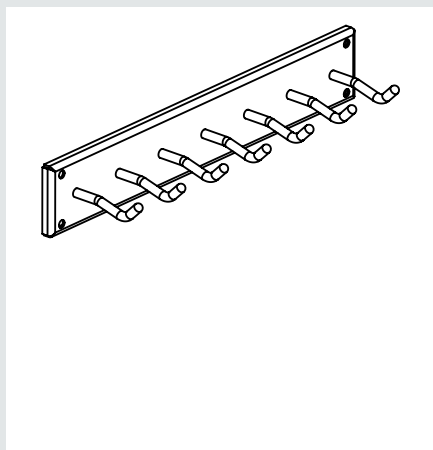

Hook rail for inside of door

in conjunction with shortened shelves

Stainless steel

Art. No.	Width mm
242055	300
242056	450
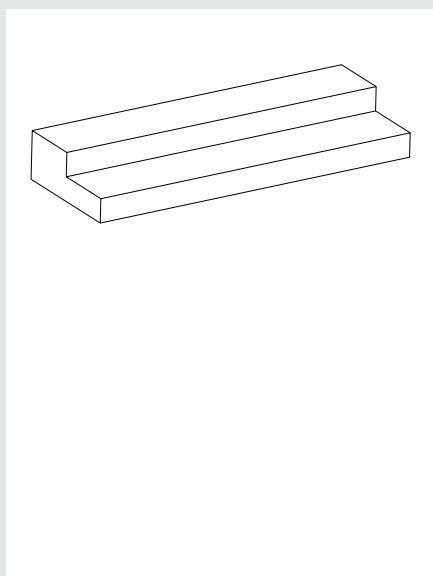

Stepped drug shelf for high cabinets – two-step

Powder-coated

53809902	600	300	120
53809903	900	300	120
53809904	1200	300	120

MEGAPROGRESS ACCESSORIES
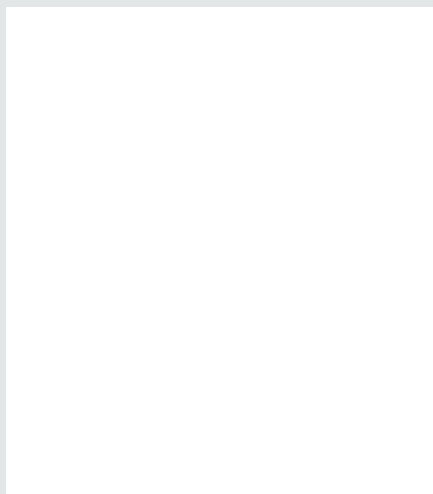

File rack

Art. No.	Width mm	Description
344204	450	Mounting of a file rack in a pull-out, 450 mm wide, complete frame
344273	450	Mounting of a file rack in a pull-out, 450 mm wide above lateral
344276	450	Mounting of a file rack in a pull-out, 450 mm wide above lateral

Angled support

stackable, synthetic, black
required quantity depends on drawer height

Art. No.	Width mm	Depth mm	Height mm
543019	328	212	35

Door limiter incl. mounting

Art. No.	Description
345565	for high cabinet/wall cabinet
345567	for base cabinet
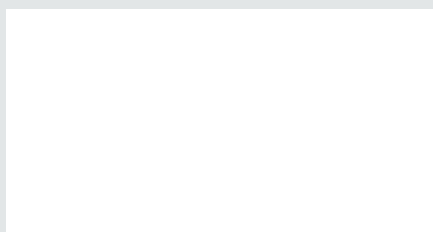

Clothes rod

mounted for high cabinet, consisting of oval clothes rod, chrome-plated with 2 mounts

Art. No.
602163
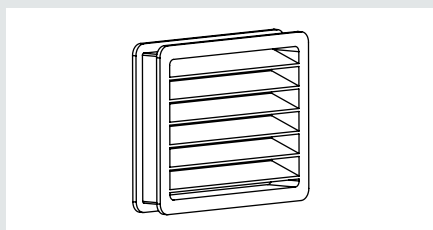

Ventilation grate for cabinet door

synthetic

Art. No.
247098

MEGAPROGRESS ACCESSORIES

Telescopic pull-out with angled mount, screwed on

Art. No.	Description
543020	Full extension, installation length 500 mm, pair
543021	Full extension, installation length 600 mm, pair

Desk utensil insert

with 8 compartments for use in pull-out worktop

Art. No.	Width mm	Depth mm	Height mm
145654	277	277	6

Interior drawer

Powder-coated			Stainless steel

54324203	1200	150	**54342203**

MEGAPROGRESS ACCESSORIES
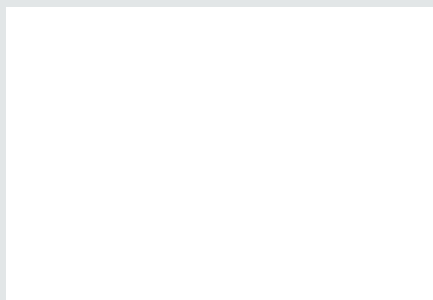

Pull-out worktop below a cabinet shelf

for cabinet depth of 580 mm (dimensions = exterior dimensions incl. holder)

Duropal

Art. No.	Width mm	Depth mm	Height mm
537958	511	512	16
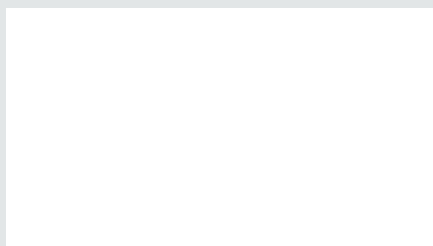

Espagnolette lock for high cabinet

Art. No.	Description
340562	Key actuation
340563	with rotary knob
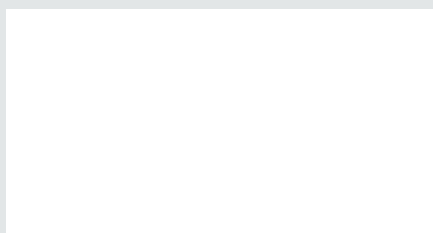

Lever lock for base or wall cabinet door or individual drawer

Art. No.
340564
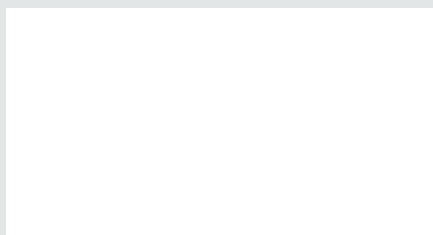

Central locking for chest of drawers with up to 5 drawers

for model MLT, not suitable for ISO underframes

Art. No.
542023
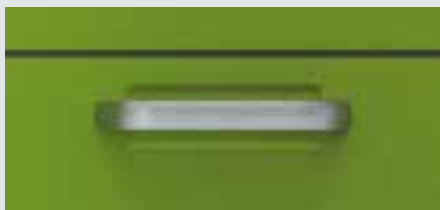

FF MED U-handle

Art. No.
607045

MEGAPROGRESS REFRIGERATION UNITS

Refrigerator

KUw 1544 Premium

Finish-compatible base cabinet refrigerator Liebherr KUw 1544,
Gross/usable content 137/132 l

3-star freezer compartment with ice cube tray, automatic defroster in refrigeration section,
"glass-line" placement shelves (1 of which can be separated), "glass-line" shelves,
butter/cheese compartment, butter box, bottle/can holder,
energy consumption: in 365 days 237.5 kWh, energy efficiency class A,
niche dimensions in cm: 820 x 600 x 570 mm (H x W x D)

Art. No.	Description
145499	left-hand door hinging
145500	right-hand door hinging

EK 16-20 refrigerator

Finish-compatible EK 1614-20 built-in refrigerator - gross/usable content 127/121 ltr.

3-star freezer compartment with ice cube tray,
energy consumption: in 365 days 193.4 kWh, energy efficiency class A+,
niche dimensions in cm: 874–878 x 560–570 x min. 550 mm (H x W X D)

Art. No.
146099

MED-85 drug refrigerator

Kirsch MED-85 drug refrigerator for built-in and under-surface mounting
Cooling capacity 80 ltr.
Normal consumption 0.6 kWh/24 h
Exterior dimensions (incl. wall spacing) 470 x 510 x 740 mm (W x D x H)

Art. No.
145710

MEGAPROGRESS REFRIGERATION UNITS

MED-100 drug refrigerator

Kirsch MED-100 drug refrigerator for built-in and under-surface mounting
Door hinging right/left (can be changed)
Exterior dimensions 540 x 530 x 820 mm (W x D x H)

Art. No.
247348

MED125 drug refrigerator

Kirsch MED-125 drug refrigerator for built-in and under-surface mounting

Cooling capacity 120 ltr.
Normal consumption 0.55 kWh/24 h
Exterior dimensions (incl. wall spacing) 540 x 535 x 810 mm (W x D x H)

Art. No.	Width mm	Depth mm	Height mm	Description
600933	540	535	810	left-hand door hinging
600934	540	535	810	right-hand door hinging

FROSTER-MED-70 freezer

Kirsch FROSTER-MED-70 freezer for built-in and under-surface mounting
Cooling capacity 70 ltr.

Normal consumption 1.6 kWh/24 h
Exterior dimensions without table top 470 x 510 x 740 mm (W x D x H)

Art. No.
245910

MEGAPROGRESS REFRIGERATION UNITS

FROSTER-MED-95 freezer

Kirsch FROSTER-MED-95 freezer for built-in and under-surface mounting
Cooling capacity 95 ltr.

Normal consumption 2.8 kWh/24 h
Exterior dimensions without table top 540 x 530 x 820 mm (W x D x H)

Art. No.
247349

BL-100 stored blood refrigerator

Kirsch BL-100 stored blood refrigerator for built-in and under-surface mounting
Cooling capacity 95 ltr.

Normal consumption 0.35 kWh/24 h
Exterior dimensions without table top 540 x 530 x 820 mm (W x D x H)

Art. No.
245911

MEGAPROGRESS PANELS AS PER DIN AND ISO STANDARD, POWDER-COATED

Panels for cabinets as per DIN and ISO standard, powder-coated

Powder-coated

Art. No.	Width mm	Height mm	Description
54056901	450/460	up to 200	Ceiling panel with fastening materials, low

The FF Co. Ltd.

FF Fémfeldolgozó Co. Ltd. is a medium-sized, family-owned company in Hungary.

For decades we have been specialists in the processing of stainless steel and electrolytically galvanized steel. With our modern machine park, electropolishing facility and powder coating capabilities the main focus of our production program are products for professional commercial kitchens, complete systems for shop-baking equipment, accessories for sterilization equipment and our own "medical line" with furniture for clinics, ambulances and medical practices of the highest quality.

With highly qualified technical staff we are constantly working to improve our products and to implement individual customer requests.

Our head office is located in Budapest, the production site in Mezőtúr.

The product range consists of cabinet systems, functional trolleys, sterile services equipment and mobile furnishings for the operating room.

All of FF Co. Ltd. Professional's divisions have DIN EN ISO 9001:2015, 14001:2015 certification, guaranteeing a high standard of reliability and customer orientation.
